Figma • Canva

### Creative Skills

Graphic Design • Video  
Editing • UI Design

### Other Knowledge

Basic Cybersecurity • AI  
Tools • Data Handling

## Soft Skills

- Problem Solving
- Creativity

## Professional Summary

Second-year Computer Science Engineering (Data Science) student with strong foundations in full-stack development, programming, and data analytics. Experienced in building responsive web applications using modern frontend and backend technologies, with working knowledge of Java, C++, databases, cybersecurity basics, and AI tools. Passionate about developing real-world tech solutions that combine software, data, and creative problem-solving.

## Education

### B.E. in Computer Science Engineering (Data Science)

2024 – 2028  
CGPA: 8.0

St. Vincent Pallotti College of Engineering and  
Technology, Nagpur

## Internship Experience

### Data Analyst Intern

Feb 2025 – Present

DERIVORLD INFRATRADE PVT LTD

- Analyzed stock market datasets to identify trends and support data-driven insights
- Performed data cleaning and visualization to improve data interpretation accuracy

- Adaptability
- Time Management

## AI & Social Media Intern

Jul 2025 – Dec 2025

Seven 23 AI

- Managed digital data used in AI-based applications
- Assisted in content planning and performance analysis using AI tools
- Gained practical exposure to real-world AI applications

## Projects

---

### IIoT-Based Hardware Safety System

*Technologies: HTML, CSS, JavaScript, IoT Hardware Integration*

- Developed a smart safety system integrating hardware devices with a web-based monitoring platform
- Built parts of the website interface for real-time monitoring
- Assisted in integrating hardware output with the web platform
- Focused on creating a user-friendly safety dashboard

## Position of Responsibility

---

### Media Assistant

2025

Hackronyx 2025 International Hackathon

- Supported media coverage and digital content creation for the event
- Assisted in managing digital promotions and event media coordination
